

LegalSection

Corporate legal department management software

FOR CORPORATE LEGAL TEAMS

Pharma · PSUs · Transport corporations
Any organisation with cases across courts

CASE & LEGAL DEPARTMENT MANAGEMENT

Hundreds of cases. Dozens of courts. One view.

LegalSection brings every case, hearing, legal notice, legal opinion and counsel payment into one secure system, with case data captured directly from the courts.

Case data from courts

Hearing alerts

Role-based access

Reports in a click

CASE STATUS ENQUIRY

~~15 min~~ **under 2 min**

to answer "where does this case stand?"

NEXT HEARING

NOV

High Court · Hearing

Counsel notified · Case file located

Case data captured from the courts

Less typing, fewer errors

COURT	CASE TITLE	REGISTRATION NO.	FILING DATE	STATUS	ACTION
High Court of Delhi			20-05-2025	CASE DISPOSED	View
High Court of Delhi			22-05-2025	Is Processing	View
High Court of Delhi			26-05-2025	CASE DISPOSED	View

LegalSection picks up case details from court records, often before counsels submit them, saving your team time and effort.
(Case titles blurred for confidentiality.)

The legal task, handled

What changes for your team

Centralised case management

Organise the data once; linked records handle the rest.

Real-time access

Secure, instant access for everyone on the team.

Smart calendaring

Never miss a court date, with unified, alert-driven scheduling.

Document & contact control

Retrieve any file or email across your office instantly.

Advanced reporting

Analyse productivity and deadlines in a click.
